

Transliteration of the Channeling "World Currency" of Archangel Chamuel by Heike Lieselotte Schneider on June 27, 2023

"Be blessed, you beloved children of light. We are the energy you call Chamuel.

Beloved children in the light. First of all, we will go a little bit into the current events and the transformation topics that are currently affecting you, in order to then address you on the topic of energies, energy transformation or also the currencies or the currency of the world.

Beloved children in the light. The energies or the energy transformations that are taking place at this time are of very great importance, so to speak. Many of you have found that the frequencies or the energies that are currently impacting the Earth is of a very different magnitude, of a very different capacity. Ultimately, the point is that all of the processes that are currently underway is a form of unwinding, a unwinding of the limitation that was implemented by the dark Ones. Many have lost their power, their strength, many have been literally re-transformed, redeemed, many have been taken away, "the upper echelons" so to speak. What you see, what is still going on at the moment, are the lower ranks that no longer have the power they would like to have. Nevertheless, it has great significance and also great significance for the planet itself.

This year, the earth will be completely free. It will go into healing. It is 98 percent liberated. Time and time again, the anger and fear and pain of humanity corrupts new energy and enables the dark Ones to once again participate or feast on Earth energy. But nevertheless, this will come to an end this year. We also point out again that the earth on it naturally also purifies itself to a certain extent, shakes itself or also lets off steam.

Beloved children. Nevertheless, the point is that you should be free from fears. The planet will not be destroyed, there will not be World War III - except for the one you already have - but not in the form that you think is highly dangerous.

The war that is going on at the moment - perhaps sometimes called by you the "Third World War" - is nothing other than the "Armageddon". The Armageddon is the end of a time, but also the new beginning, the departure into a completely different, into a Golden Age.

The energies that are currently rising from the earth or can rise again, the limitations that have been taken away - you can see it in the Schumann frequency, which vibrates in a frequency that corresponds to the trees of life or the flower of life, whatever you want to name it - is a wake-up call to all cells. The earth, the earth energy that is currently flowing, is of course literally bringing great changes, even on your physical structure.

The people who have been trying all along to be the hub, so to speak, between heaven and earth, to bring the energies into the earth, to help with the liberation, will have massive problems on the physical structure in terms of bones. Especially the spiritual people who have tried to liberate the earth are now getting to feel the new energies out of the earth as a thank you, so to speak - this is true for all people, but they are the first ones. A freedom, an arrival, a connection that is so immeasurable because it is the exchange between Mother Earth and the Divine Omnipotence, the Creator Himself. The bodies have to endure relatively much through this. Due to the limitation of the earth, not enough earth energy could be absorbed for humanity. The feminine aspect, the loving, the carrying, what is to be driven out of humanity in the truest sense of the word "by hook or by crook" - see the attempted transformations, the other identities that are to be adopted, no longer feeling belonging to a group or no longer believing in biological principles, but in some cerebral, spiritualized, far from spiritual meanings, ideas that correspond more to artificial intelligence than to the true human being, the principle male-female, the principle of arrival. The bone structure of these people will expand, change, so to speak. Therefore, you will have many problems in terms of the joints, the knees, wrists, shoulders, the tightness of the bones, so to speak - here is the change and the expansion of this energy that is so actually welcomed by the human being, by the soul, to balance heaven and earth, and yet so unfamiliar to many people.

Eventually, it will be the turn of all people to feel this more precisely. Important is again the hint not to anchor yourself in the earth, but only to walk on the earth to establish the exchange between heaven and earth. Of course, it makes sense to do this also through the skin, to ionize yourself, but this has nothing to do with the fact that you have to anchor yourself in the earth. The earth carries you out of love. Something that is freely given should not be demanded by anchoring.

Beloved children. This process affects the bones as well as the nerve and tendon structures. All of this is currently in the process of awakening, upheaval, transformation. The energy transformations that are taking place right now are so immense, greater than anything you can imagine.

It is a matter of accepting these processes in their individuality. No two people are the same. Also this comparison or this sameness commandment or sameness law, which has been put on you by the darkness, so to speak, to wear clothes only of certain brands, so that you all have the unity uniform, to find only these songs good, that no one drops out, all these are programs or programming that the darkness has given you. Many, many years ago, centuries, millennia ago, there was always supposed to be sameness, limitation, lockstep, because it is easier to control a herd that is in unison or walking in lockstep than it is to control individuals. This is in the change.

The world currency is ultimately not money. Not gold, not silver. The world currency is energy!

Beloved children in the light. The dark ones could buy everything. They could procure everything, they can experience everything, they can enjoy life, through yachts, through airplanes, through beautiful buildings, whatever, comfort for life. And yet, all this is nothing without the life energy. The dark ones who are not ensouled are consumed with envy of every soul who has the connection, of every soul who has the creative power.

Do not continue to feed the dark ones with your anger, despair or fear! We know this is easier said than done, but the point is to no longer corrupt this very energy, that is, not to corrupt the Divine Creator Power in order to "feed it to the darkness", so to speak, but to look in order to demand the change in every single human being now, step by step.

Much is made of the fact that the old must be torn down in order to build the new. This is not entirely wrong, but the bottom line is that the old crumbles on its own when the new is built. The world currency is energy, life force, energy, pure Divine Creative Energy.

Beloved children in the light. Therefore, the world currency of the dark ones is the purest thing in this world. And what could that be except - the children?

Beloved children. The time for looking away is over. It is now a matter of looking. It's about standing strong. It is about protecting the children - at any cost!

The world currency of the most original energy, the omnipotence itself, has been harvested for thousands of years on this planet. And now is the time when the conversion takes place, but also the time when the darkness will still show its biggest and dirtiest grimace in the truest sense of the word.

You are so indoctrinated, so programmed, that you have allowed yourselves to be led to dissolve the sanctity of the family. The women work like the men, the children are taken care of by some other people, it's about money, it's about wealth, being able to afford something, and we can understand all that. But nevertheless, it's about the family, the connection, and we're not just talking about the physical family, but also the spiritual family, the family of friends, the family of connection, that in the end was completely thrown overboard in the past just to serve some authorities.

These people will not be able to live with their guilt. And the darkness will not survive the light.

Look! Protect the children! Protect the helpless! Protect the pure!

It is about finding a new way for humanity. And it's about the fact that it doesn't make sense that both have to work - so that taxes can be taken from both, as one of your politicians once said - but it's about no longer necessarily having to keep up with others.

The true values, the true world currency, the energy of love, of oneness, the connection to omnipotence has been so corrupted that people, father and mother, go to work.

Sometimes it is only enough that the woman works so much that finally the schools can be paid or the costs can be paid.

Would it not make more sense then to place the children in private groups where you can still look yourself and not in the areas where the dark ones have corrupted everything by the influence and harm the children in the end to take their energy?

Look at the state of kindergartens and schools! Look at how the adults have treated these precious little energy beings in the past. And look at how they have harvested the greatest pain by doing the worst thing imaginable to the children. And we are talking about 8 million children worldwide! Every year! Who have to live through the worst to feed the dark ones, to feed the demonic archons.

Now is the time to say stop! Now is the time to stand up!

If you could not stand up for anything, for the children you should. And there are going to be some bad things coming up where you can't turn a blind eye anymore. We want to prepare you for this, because this is coming out more and more every day.

The earth is now releasing the darkness that has been stored within it for transformation. The process is almost complete. And that also means that ultimately really now darkness is becoming light.

It will be transformed, and this deviant world currency, the energy of children, will disappear. Happy children, children who are at peace with themselves again, families who are at peace with themselves, living the principle of the family - and not the grip on the children, the absurd, abnormal grip.

No soul that is souled would harm a child. Those who do that have either sold their souls or they had none, they are demonic.

The change is here now. Many of you say that you cannot deal with it because it is too cruel. If these little earth angels can live through it, at least you can look at it. Not in detail, but knowing what has happened and what is still happening day by day.

And if you, for liberal reasons or for reasons because everyone does it, because you are in equality, in recognition, because everyone is of the opinion or because above all the news tells you how to behave or not to behave, and if the comfort of the concurrent, of not standing out is greater than to stand in front of your own children or the children of the world, then you very much how far the darkness has you in its grip.

Now is the time to turn back! This world currency, the energy of the children, will cease to exist. And now consider that these special creator beings, the pure ones, which you all were once as well, go back into their power and their energy, look at the world anew, animate the world anew in the truest sense of the word. Do not put them above you, do not put them below you. Recognize yourself in them! And accept the cruelty which was in the past, which you cannot change now, but which you can stop today, in this moment, in the here and now! For each and every one of you to stop allowing children to be early sexualized, to be transformed in any area, or to be made into beings who no longer know themselves in any area.

Beloved children. The time is here and now! And the truth is now beginning to break through. Every day a little bit more. Who has ears, he hears - who has eyes, he sees. The more people accept this and no longer close themselves to the cruelty of the world, as it was in the past, and which now finally close the door to the elites - be it by not giving them any more energy - be it by the power and the strength returning to each soul, to its own sovereignty, to its own responsibility - and to say "No!" from the deepest heart to the sameness, the uniformity of the world.

You are individually different. No two fingerprints on this planet are alike. If God had wanted sameness, He would have created sameness. It is about living individuality. But it is also about holding on to certain biological principles and not manipulating them through some crazy energy constructs of an artificial kind. And it is not about demonizing homosexuality. It is only about condemning or keeping distance from the most perverse of the perverse: The grab for the children!

Beloved children, you who were once children. Feel the power and the energy.

Feel the power in your heart when you say, "No! Never again!"

When you say, "Stop! I do not support this tapping of energy in any way!"

"I take a stand! I stand in front of the children!"

And if anyone thinks they have to persuade you that lockstep is more important to the community, stand up!

Feel that power and that strength! This enables a mother to pick up the car when her child is lying under it. This power and this strength that exists in every ensouled human being.

Feel the power and the strength that makes being human!

Beloved child. We believe in You! We know that You are able to cry out to the world: "No!" - "Never again!"

And this power and strength will now break through more and more with each passing day and will literally usher in change in the world, dragging the darkness into the light to transform it once and for all!

You are blessed.

You are loved.

You are important.

You are special.

You are powerful.

You are mighty.

You are full of joy, you are full of love, and you may live this now, knowing that we are always by your side. You are never alone. You only need to take our hand, we will accompany you.

Make this planet now what it was: one of the greatest creations of the Divine Omnipotence.

Accept the change. Stay in your heart. Feel the connection. Bless the world. If possible, at every step. And know that Omnipotence intervenes.

We bless you in the Divine Light of Love and Omnipotence, Now and all the time and so be it!"

(Archangel Chamuel)
